

# Harmanjot Singh Sidhu

Software Engineer

## PROFILE

As a recent graduate with a degree in Computer Science, I am enthusiastic about pursuing a Master's program, where I can further hone my skills and knowledge in the field. I am passionate about web development and have a strong foundation in technologies like React.js, Node.js, Express, and MongoDB. My goal is to leverage my academic background and hands-on project experience to contribute to innovative research and solutions in the field of computer science.
